

ALIEN VS. PREDATOR GALAXY PRESENTS

AJ Bischoff's

PREDATOR 2

CROSSROADS

The hunter is the moon.

The hunter bleeds the day.

Yet when it twists
it pulls and finds
no honor within its ray.

MIKE HARRIGAN.

SOUTH
AMERICA.

SEVERAL YEARS AFTER
THE L.A. INCIDENT.

Ugh...

My head.

Who tied
me up?

Why am I...

YOU!

Finally! We meet again!

But
where's
my
team?

FUCK FUCK
YOU! YOU!

A man with dark skin and short dark hair, wearing a tan t-shirt and dark tactical vest, looks surprised with wide eyes and an open mouth.

Wait a second...

You're...

You're
human!

A close-up of a chainsaw blade with a serrated edge, covered in blood. The background is dark with some yellow light spots.

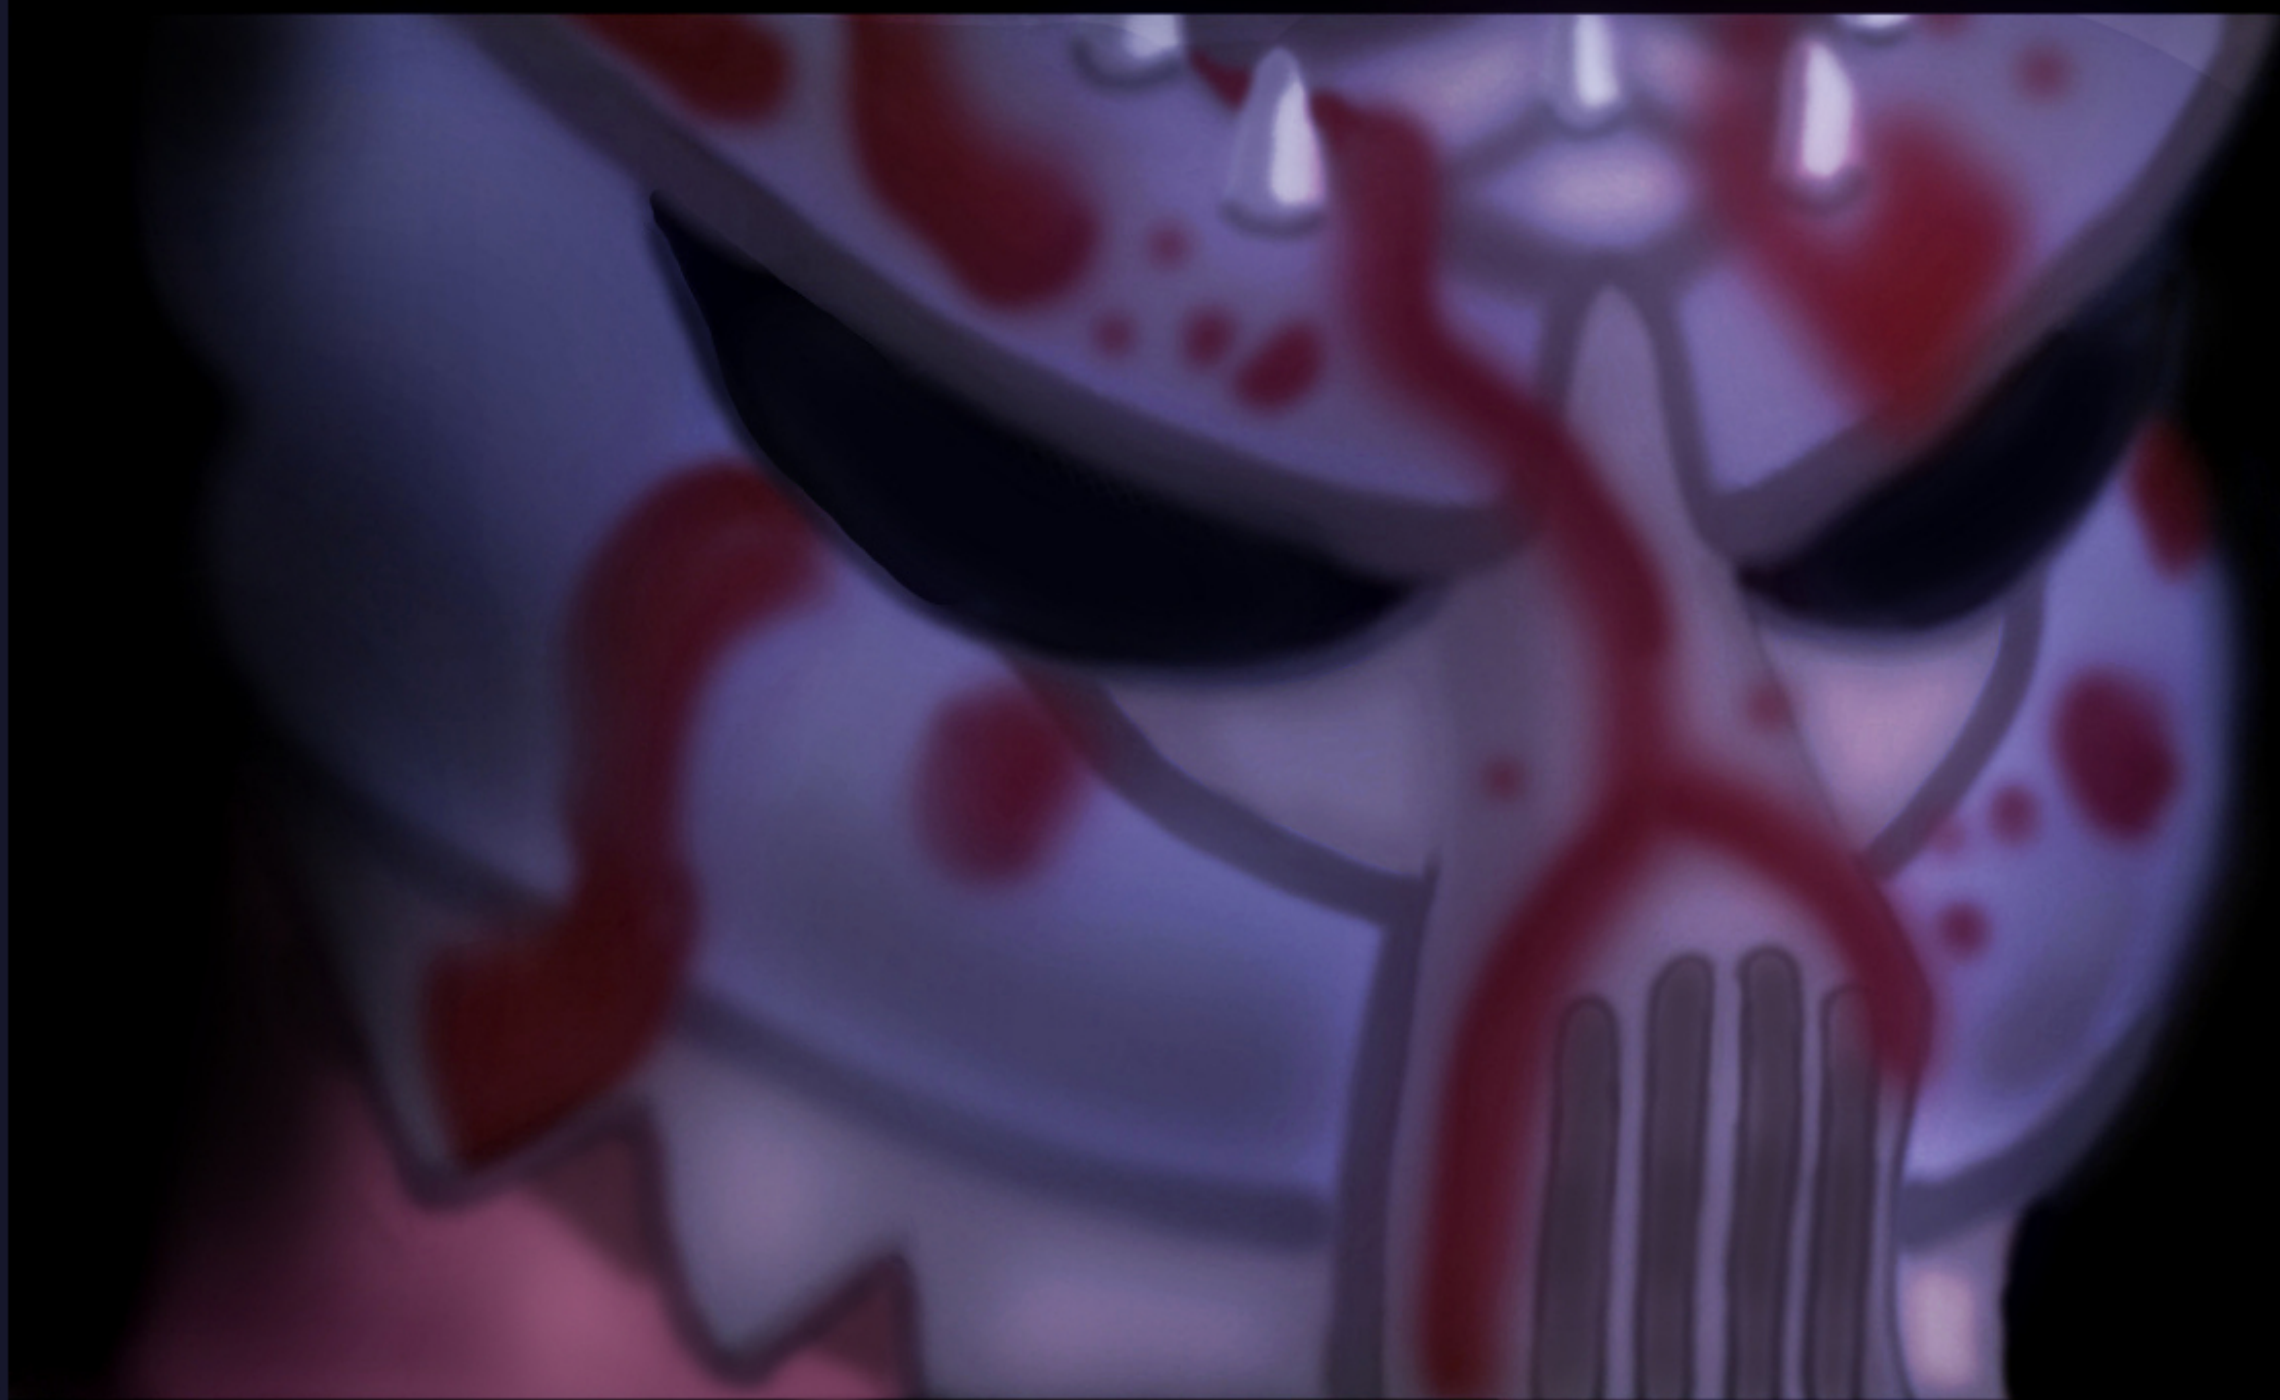

Is that
supposed
to be
a better
thing?

A large, close-up shot of a chainsaw blade cutting through a body. The scene is filled with blood and body parts, with yellow light spots in the background.

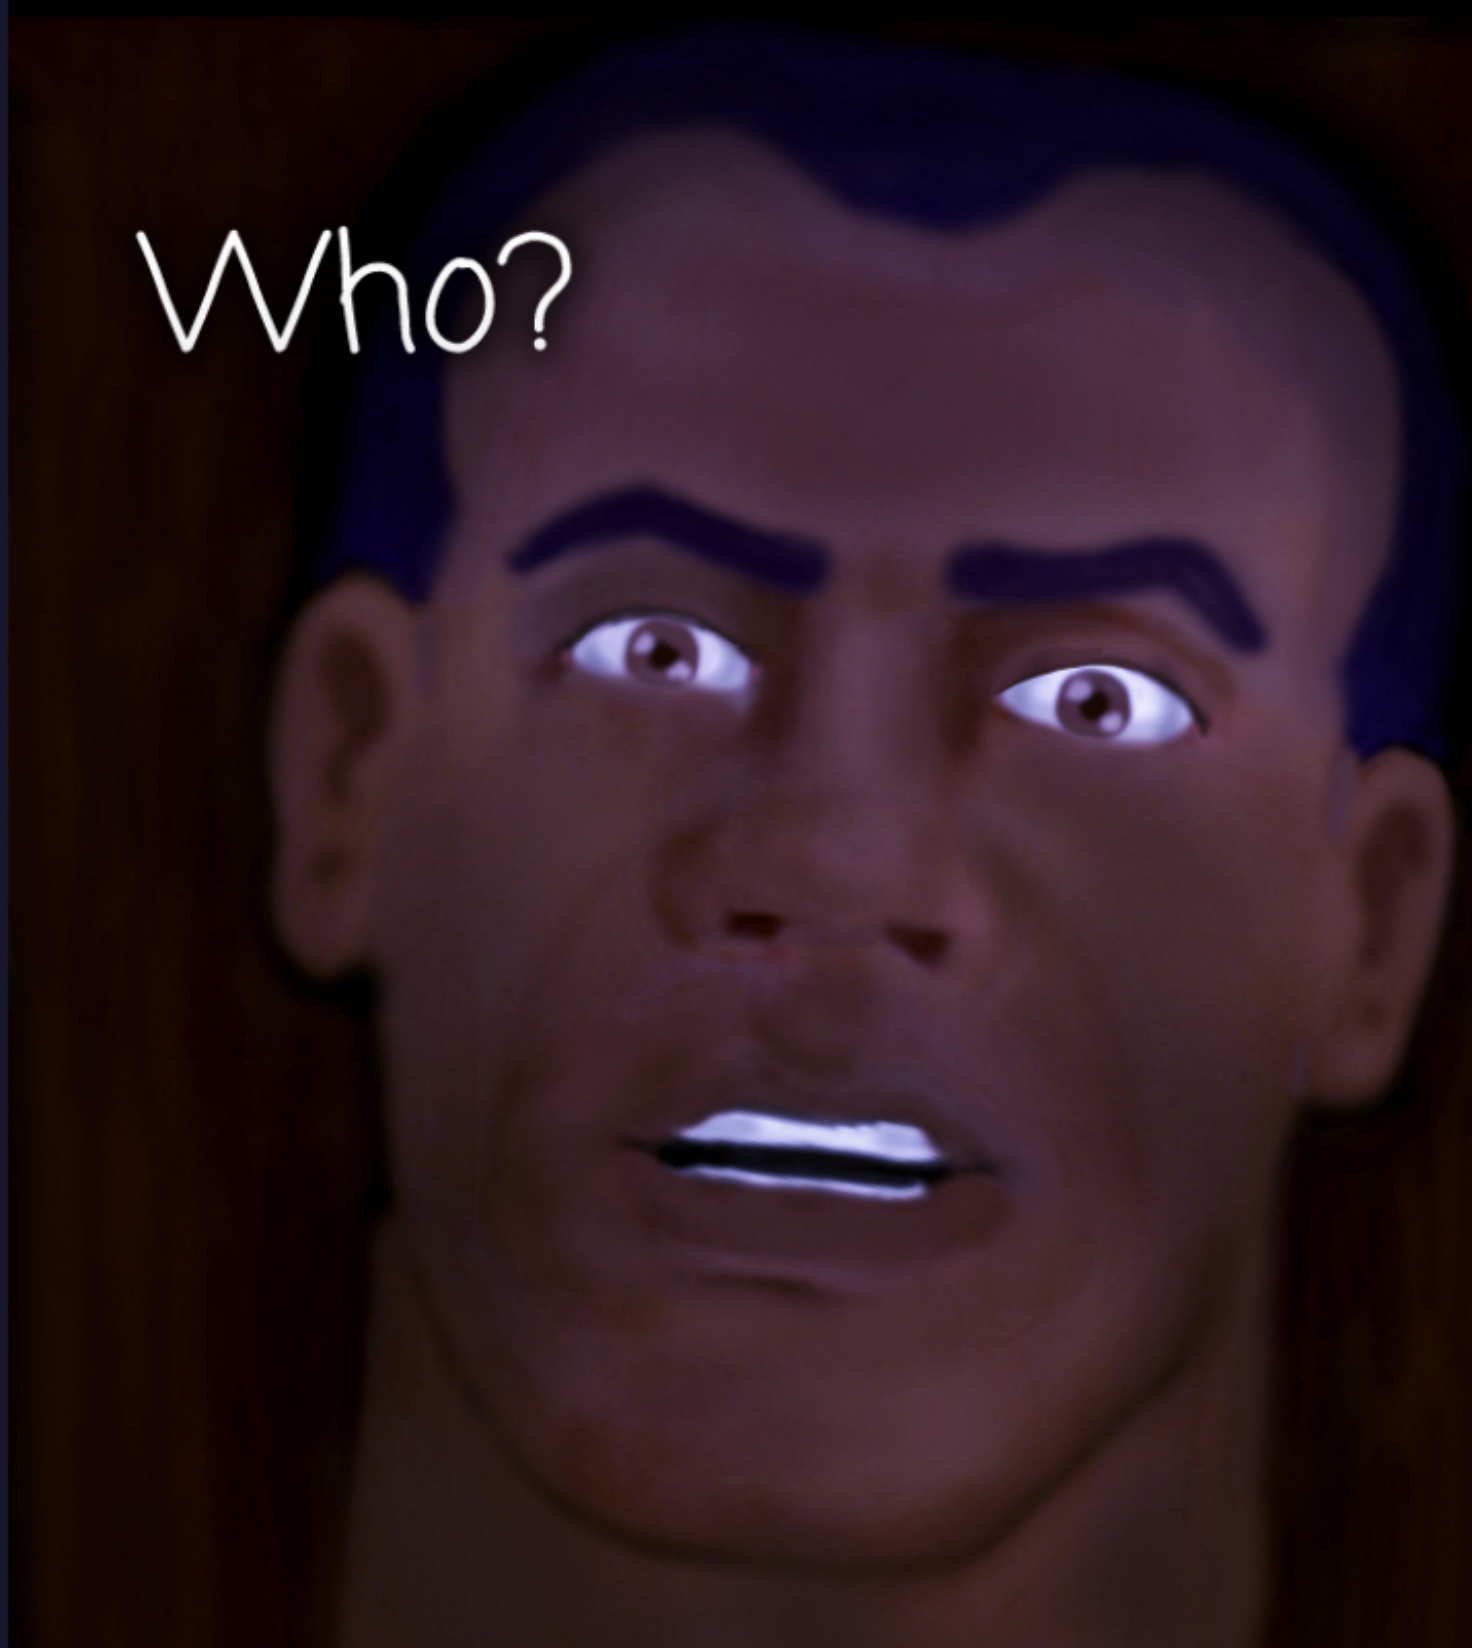

It's not.

Nichols...
Molina...
Aarons...

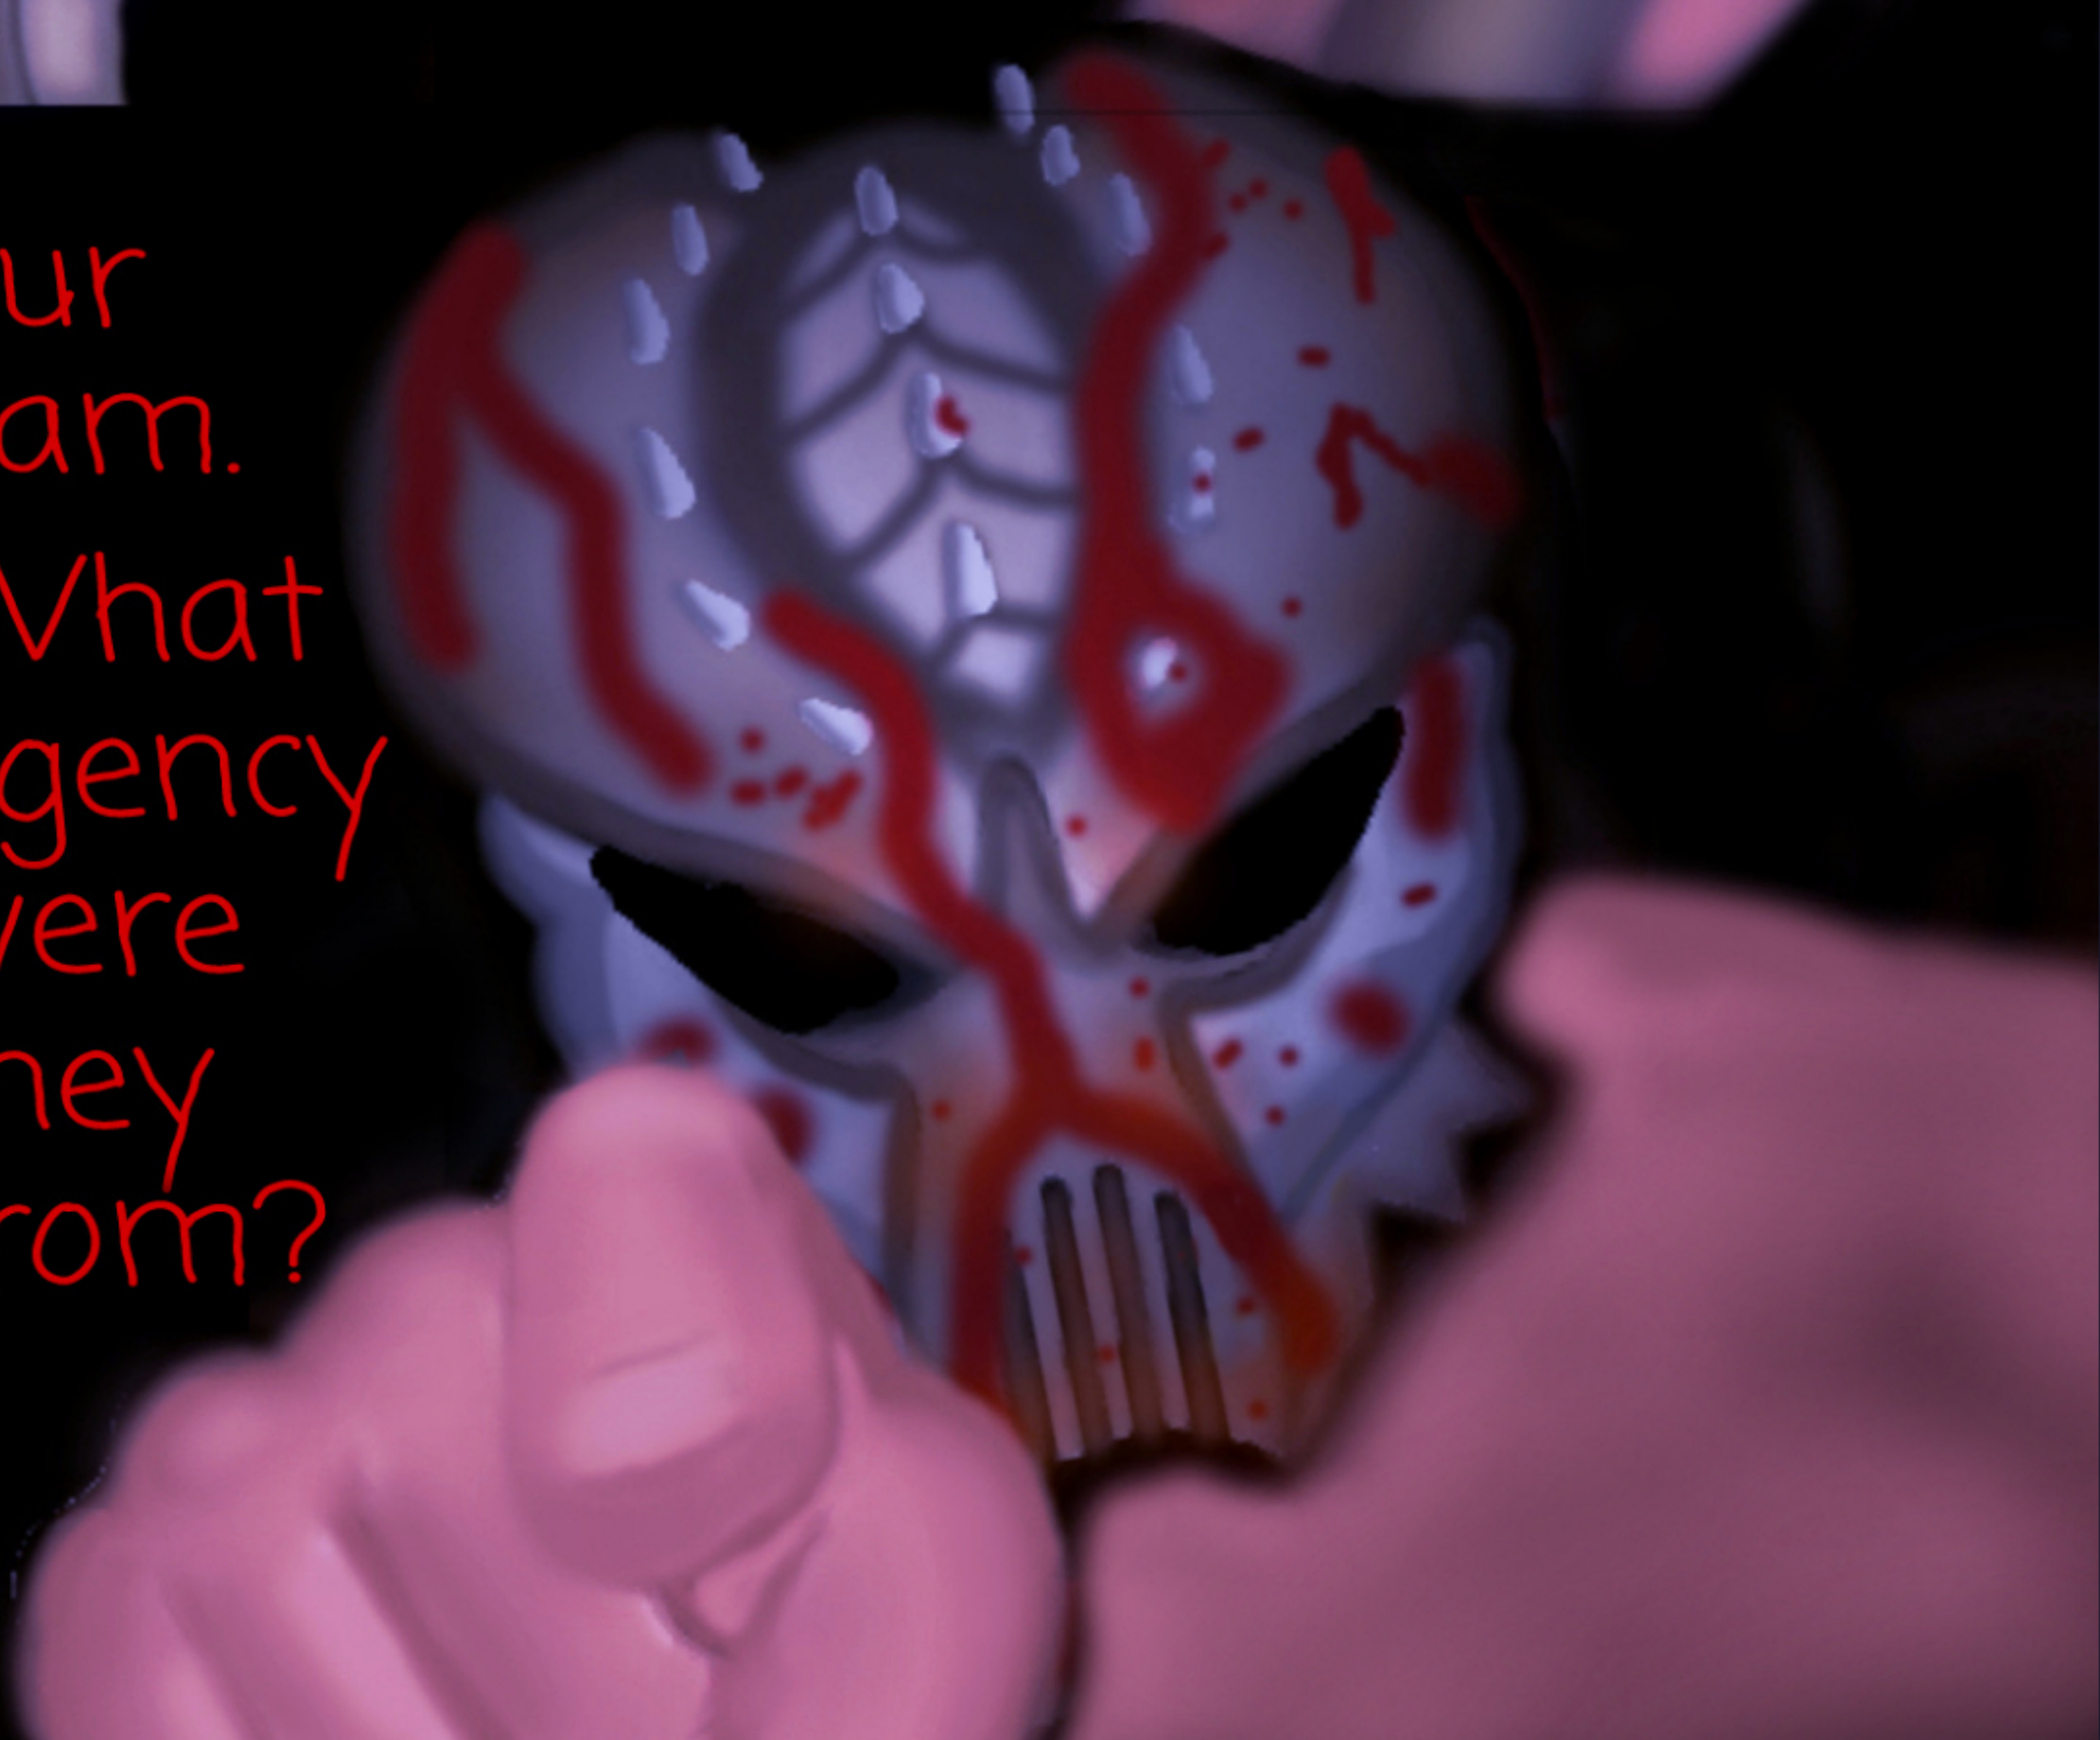

Ramirez...
Sole...
Eliot...

Who?

Your
team.
What
agency
were
they
from?

They were
O.W.L.F.
Agents.

Other
Worldly
Life Forms
Division.

They were assets.

Expendable
assets.

And you
killed
them.

No.

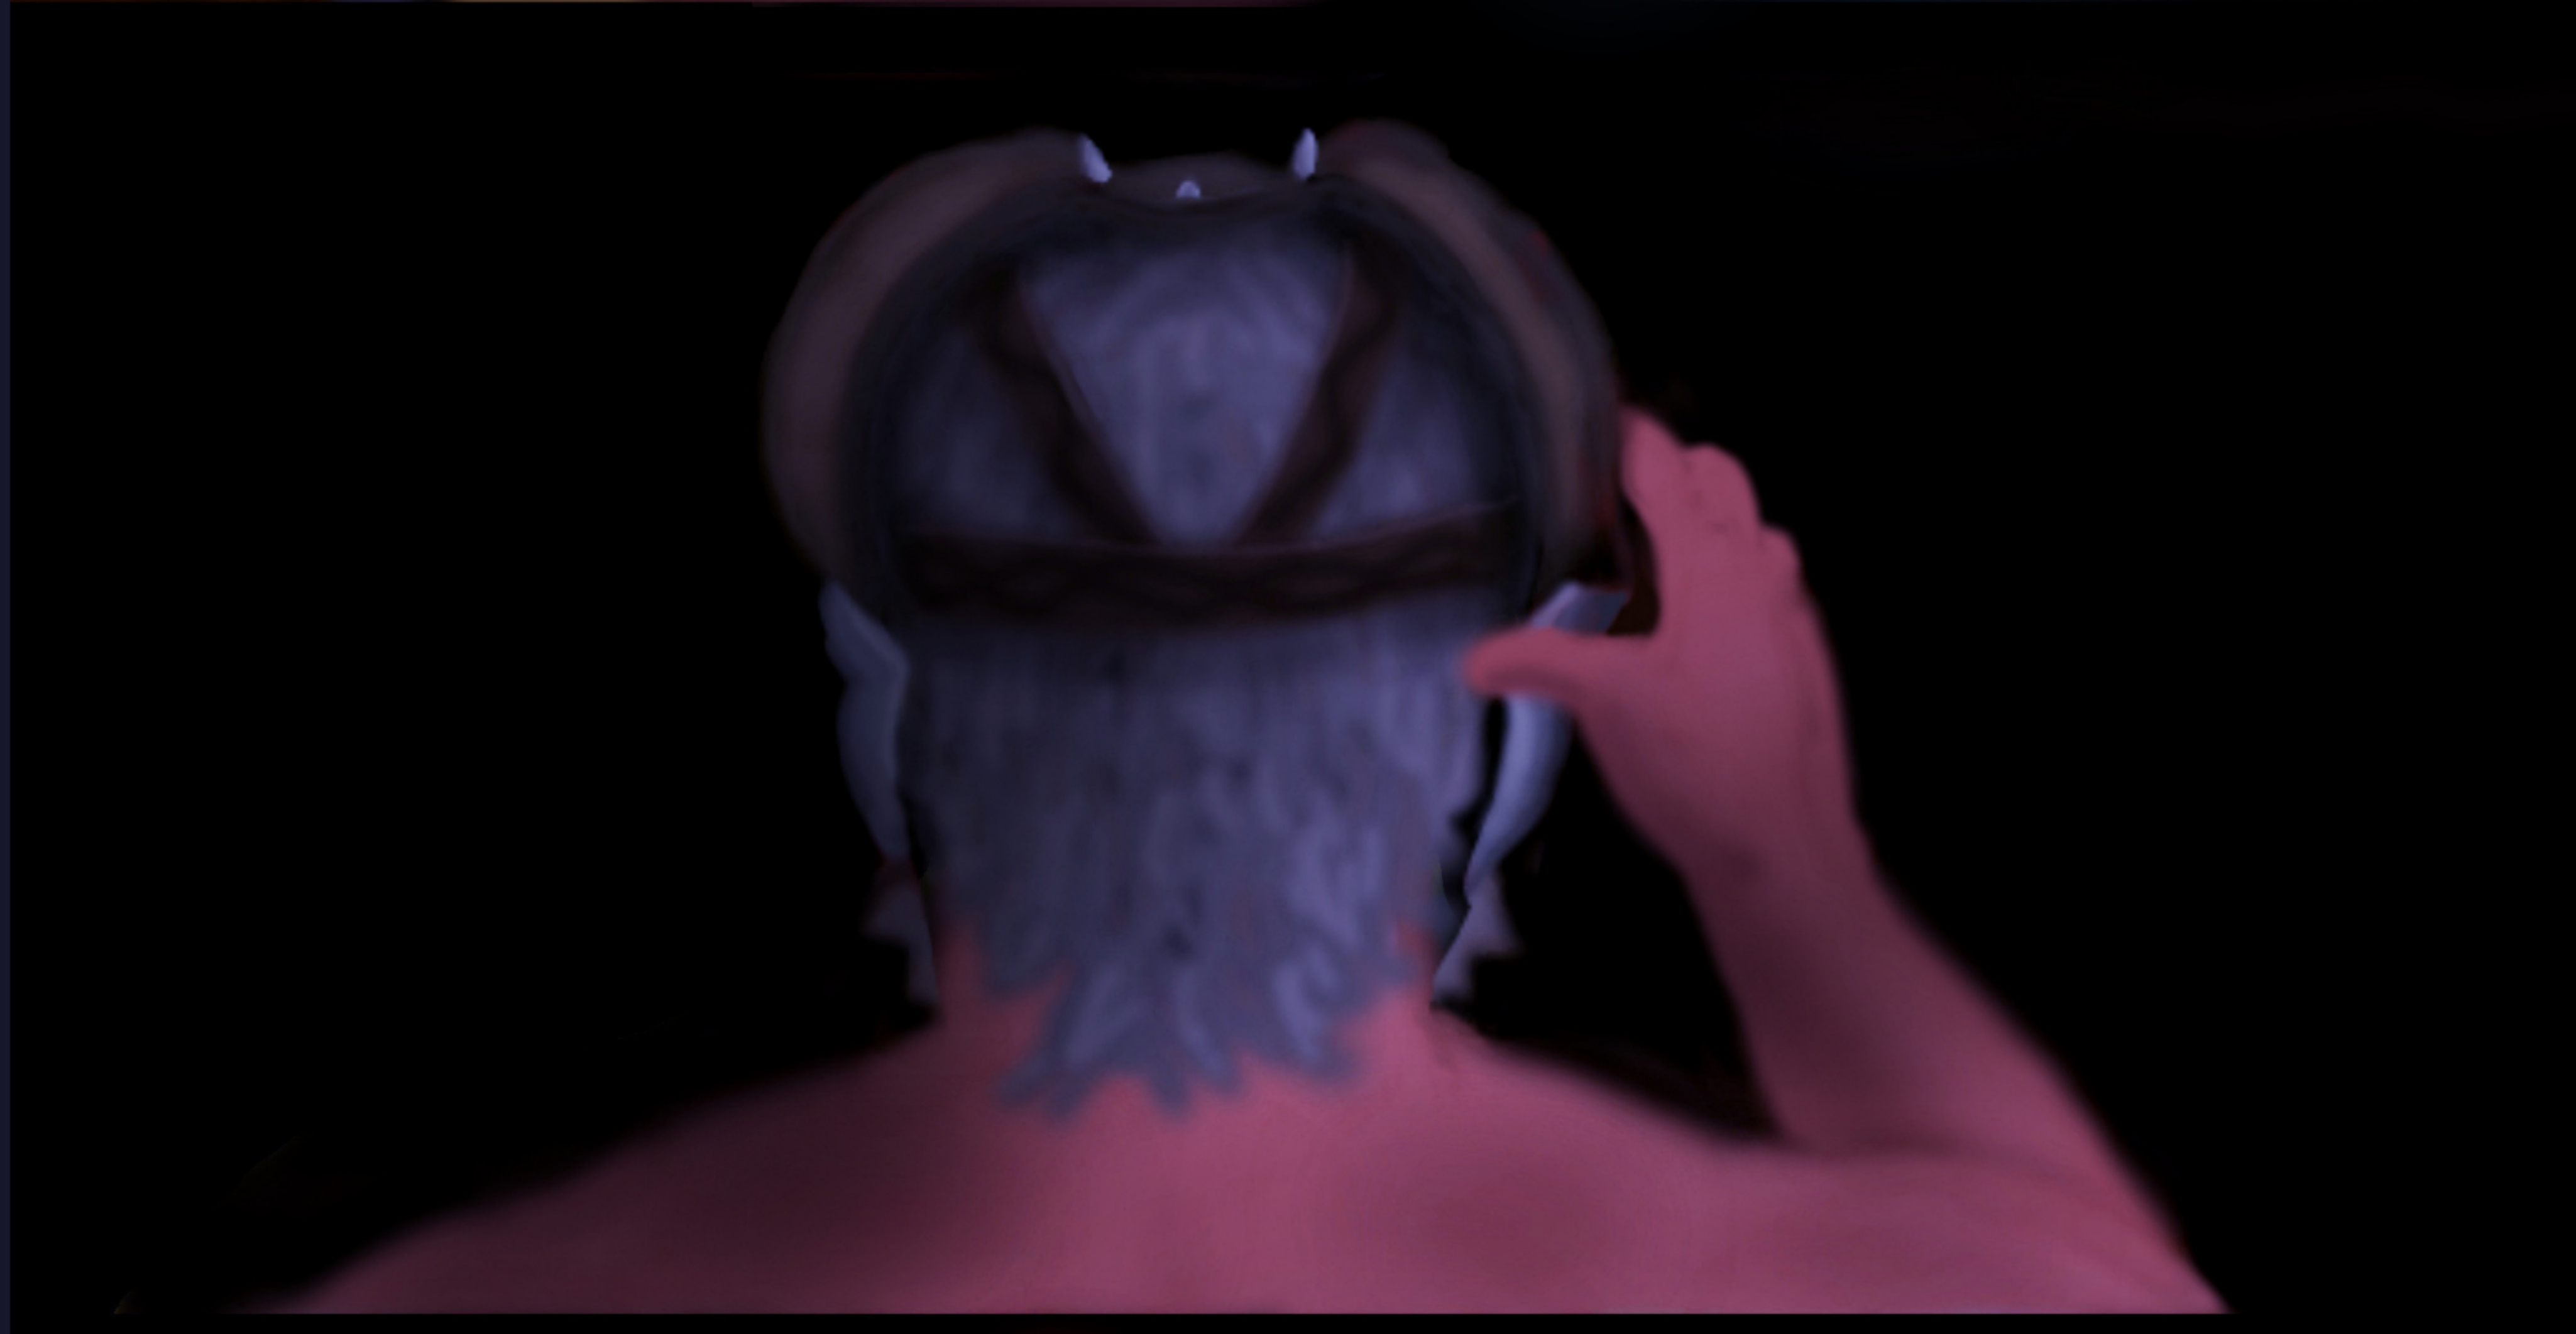

I didn't
kill them.

I hunted them.

Cazar
o ser
cazado.

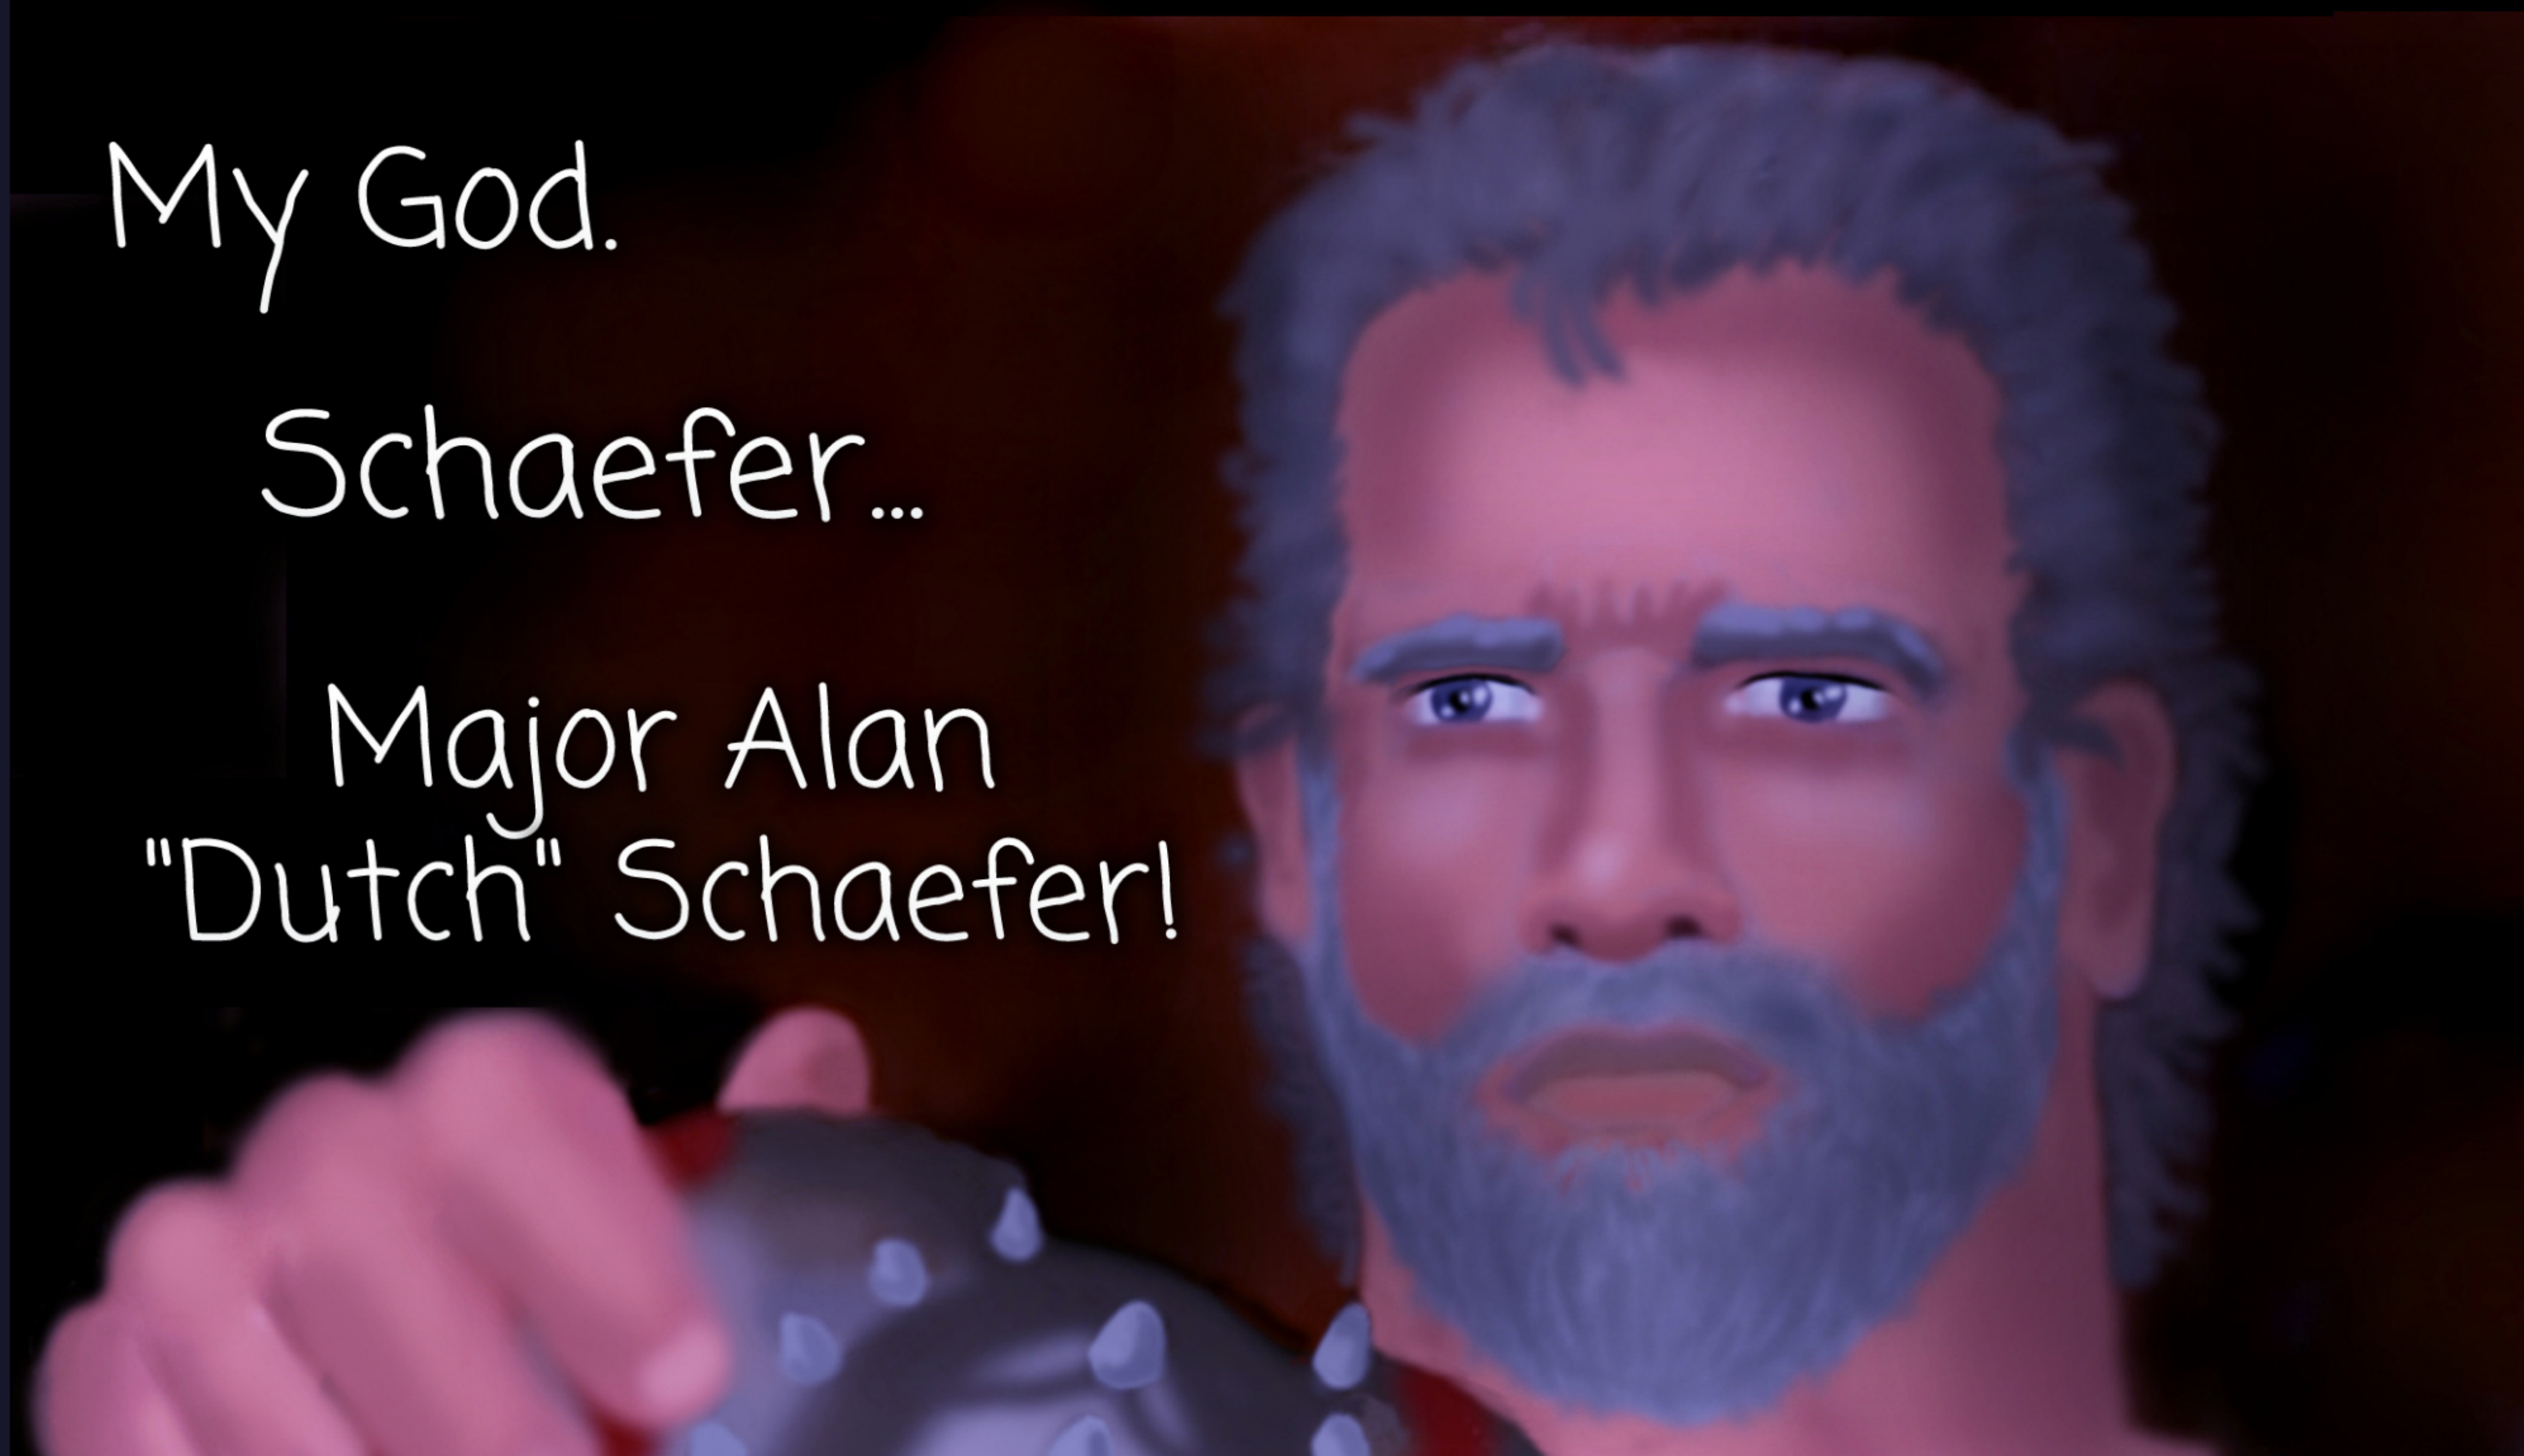

Who are you
really man?

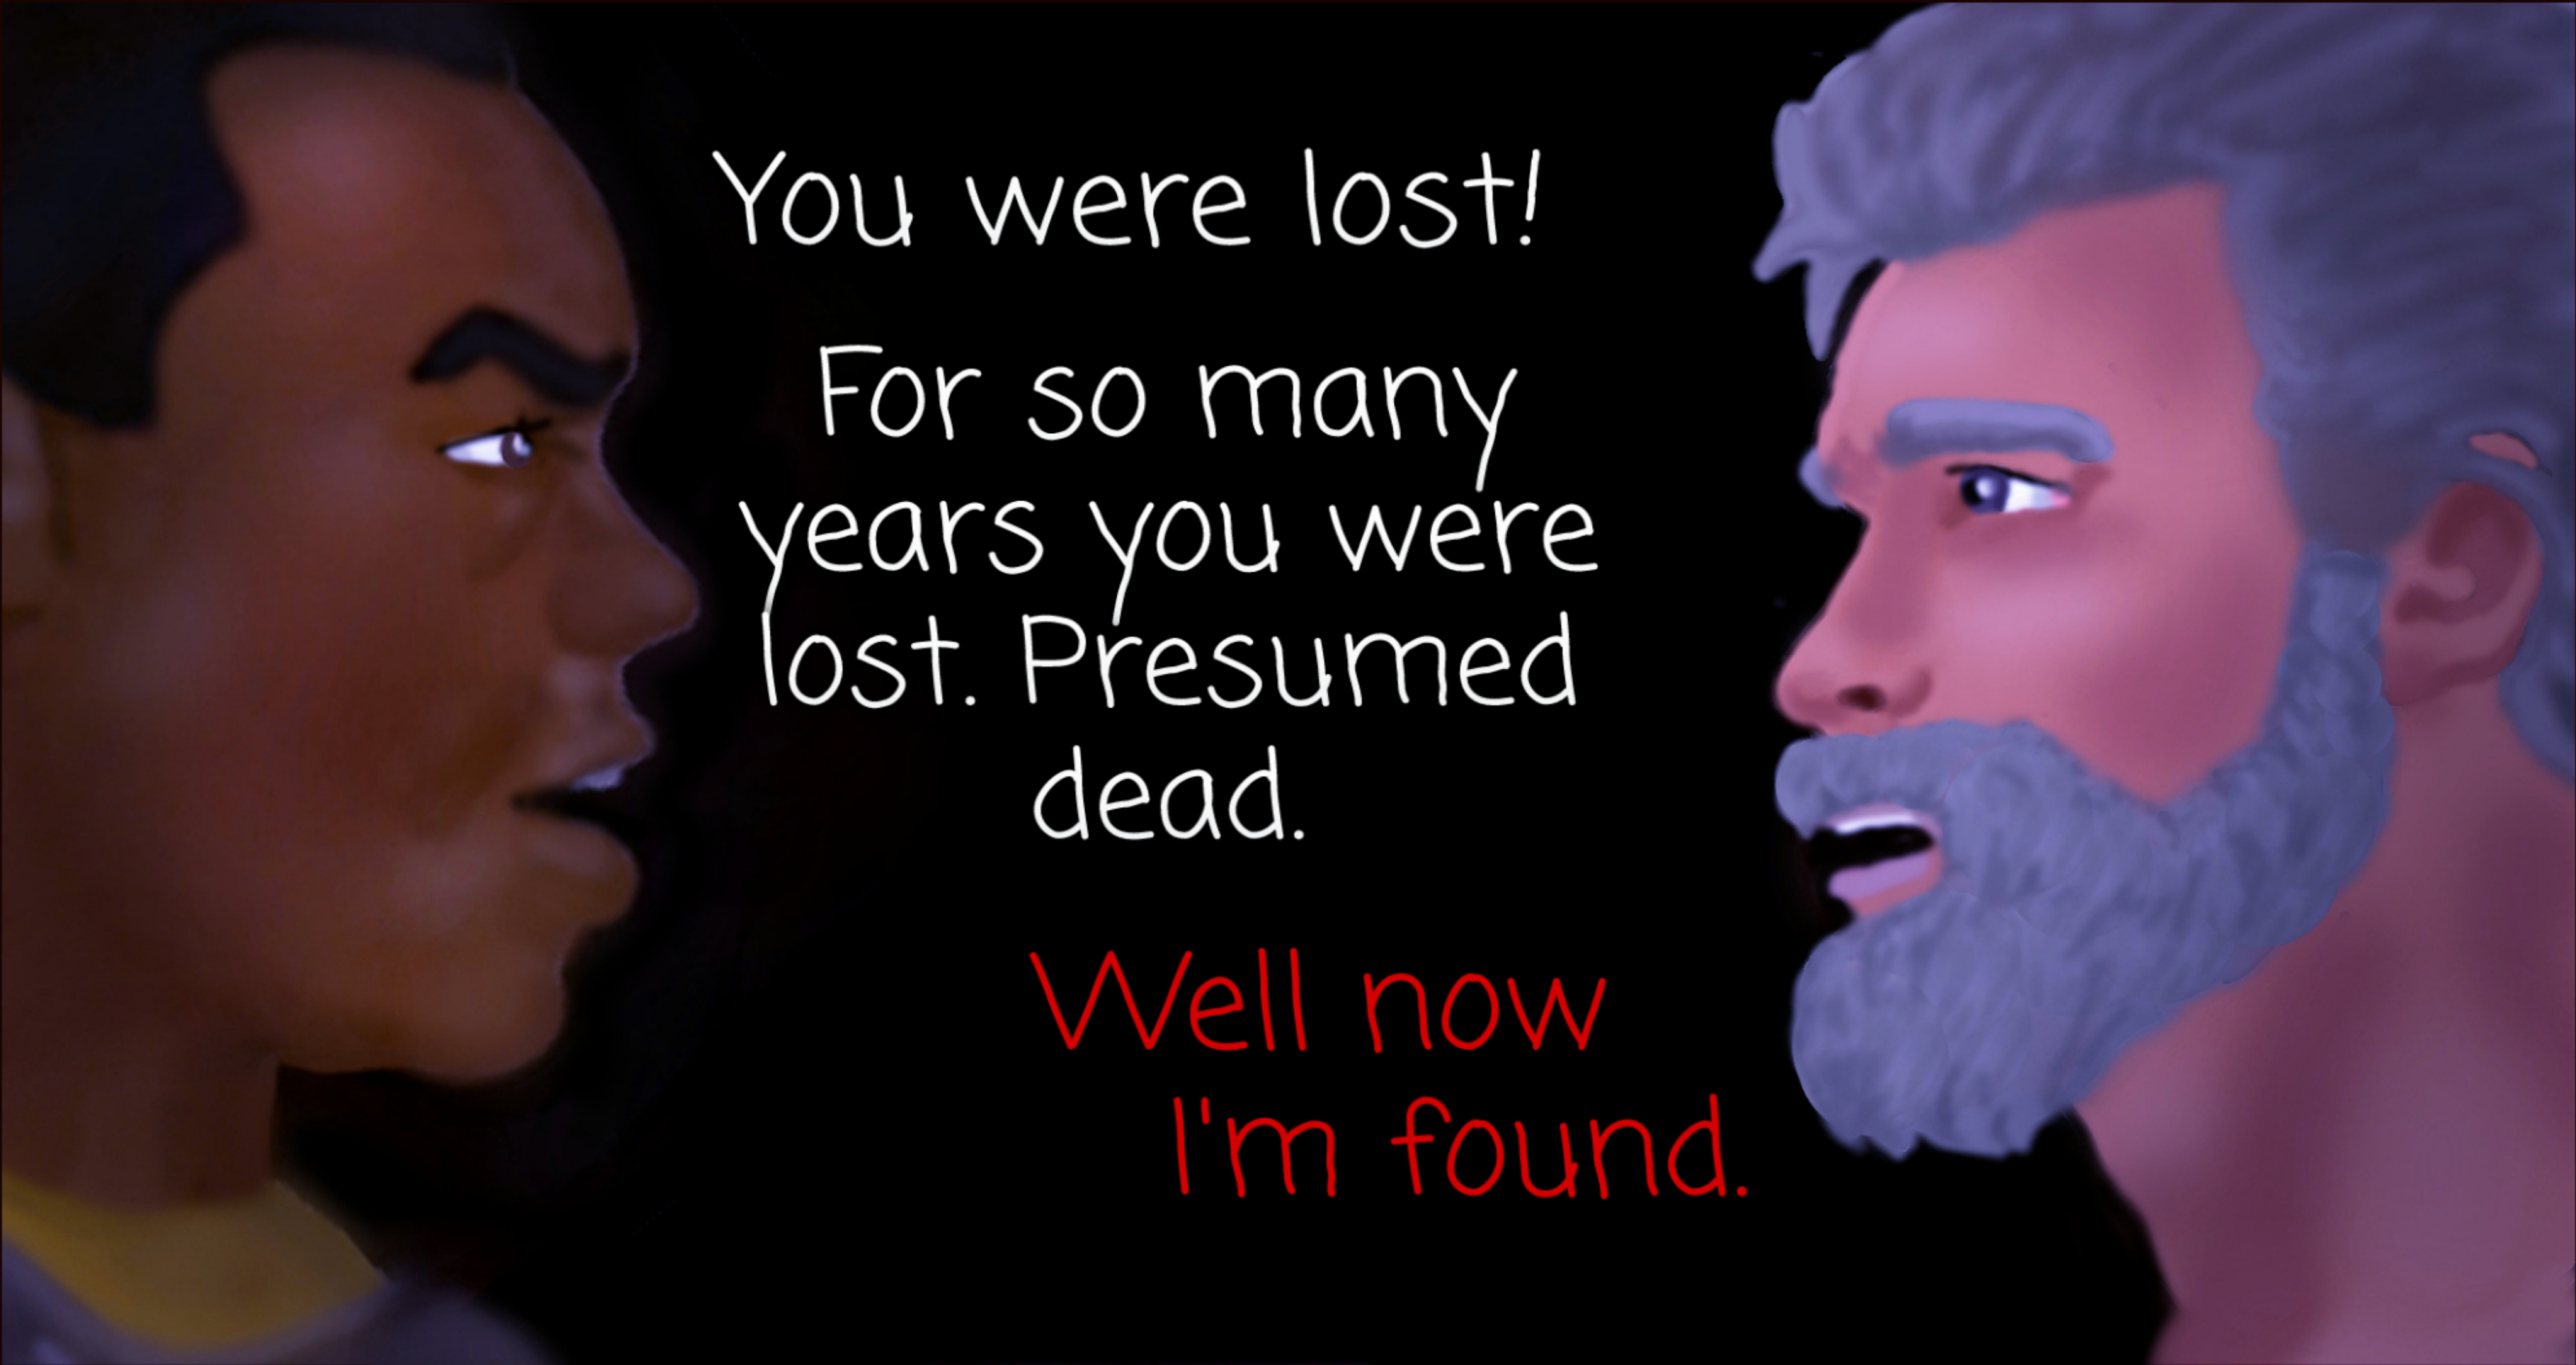

My God.

Schaefer...

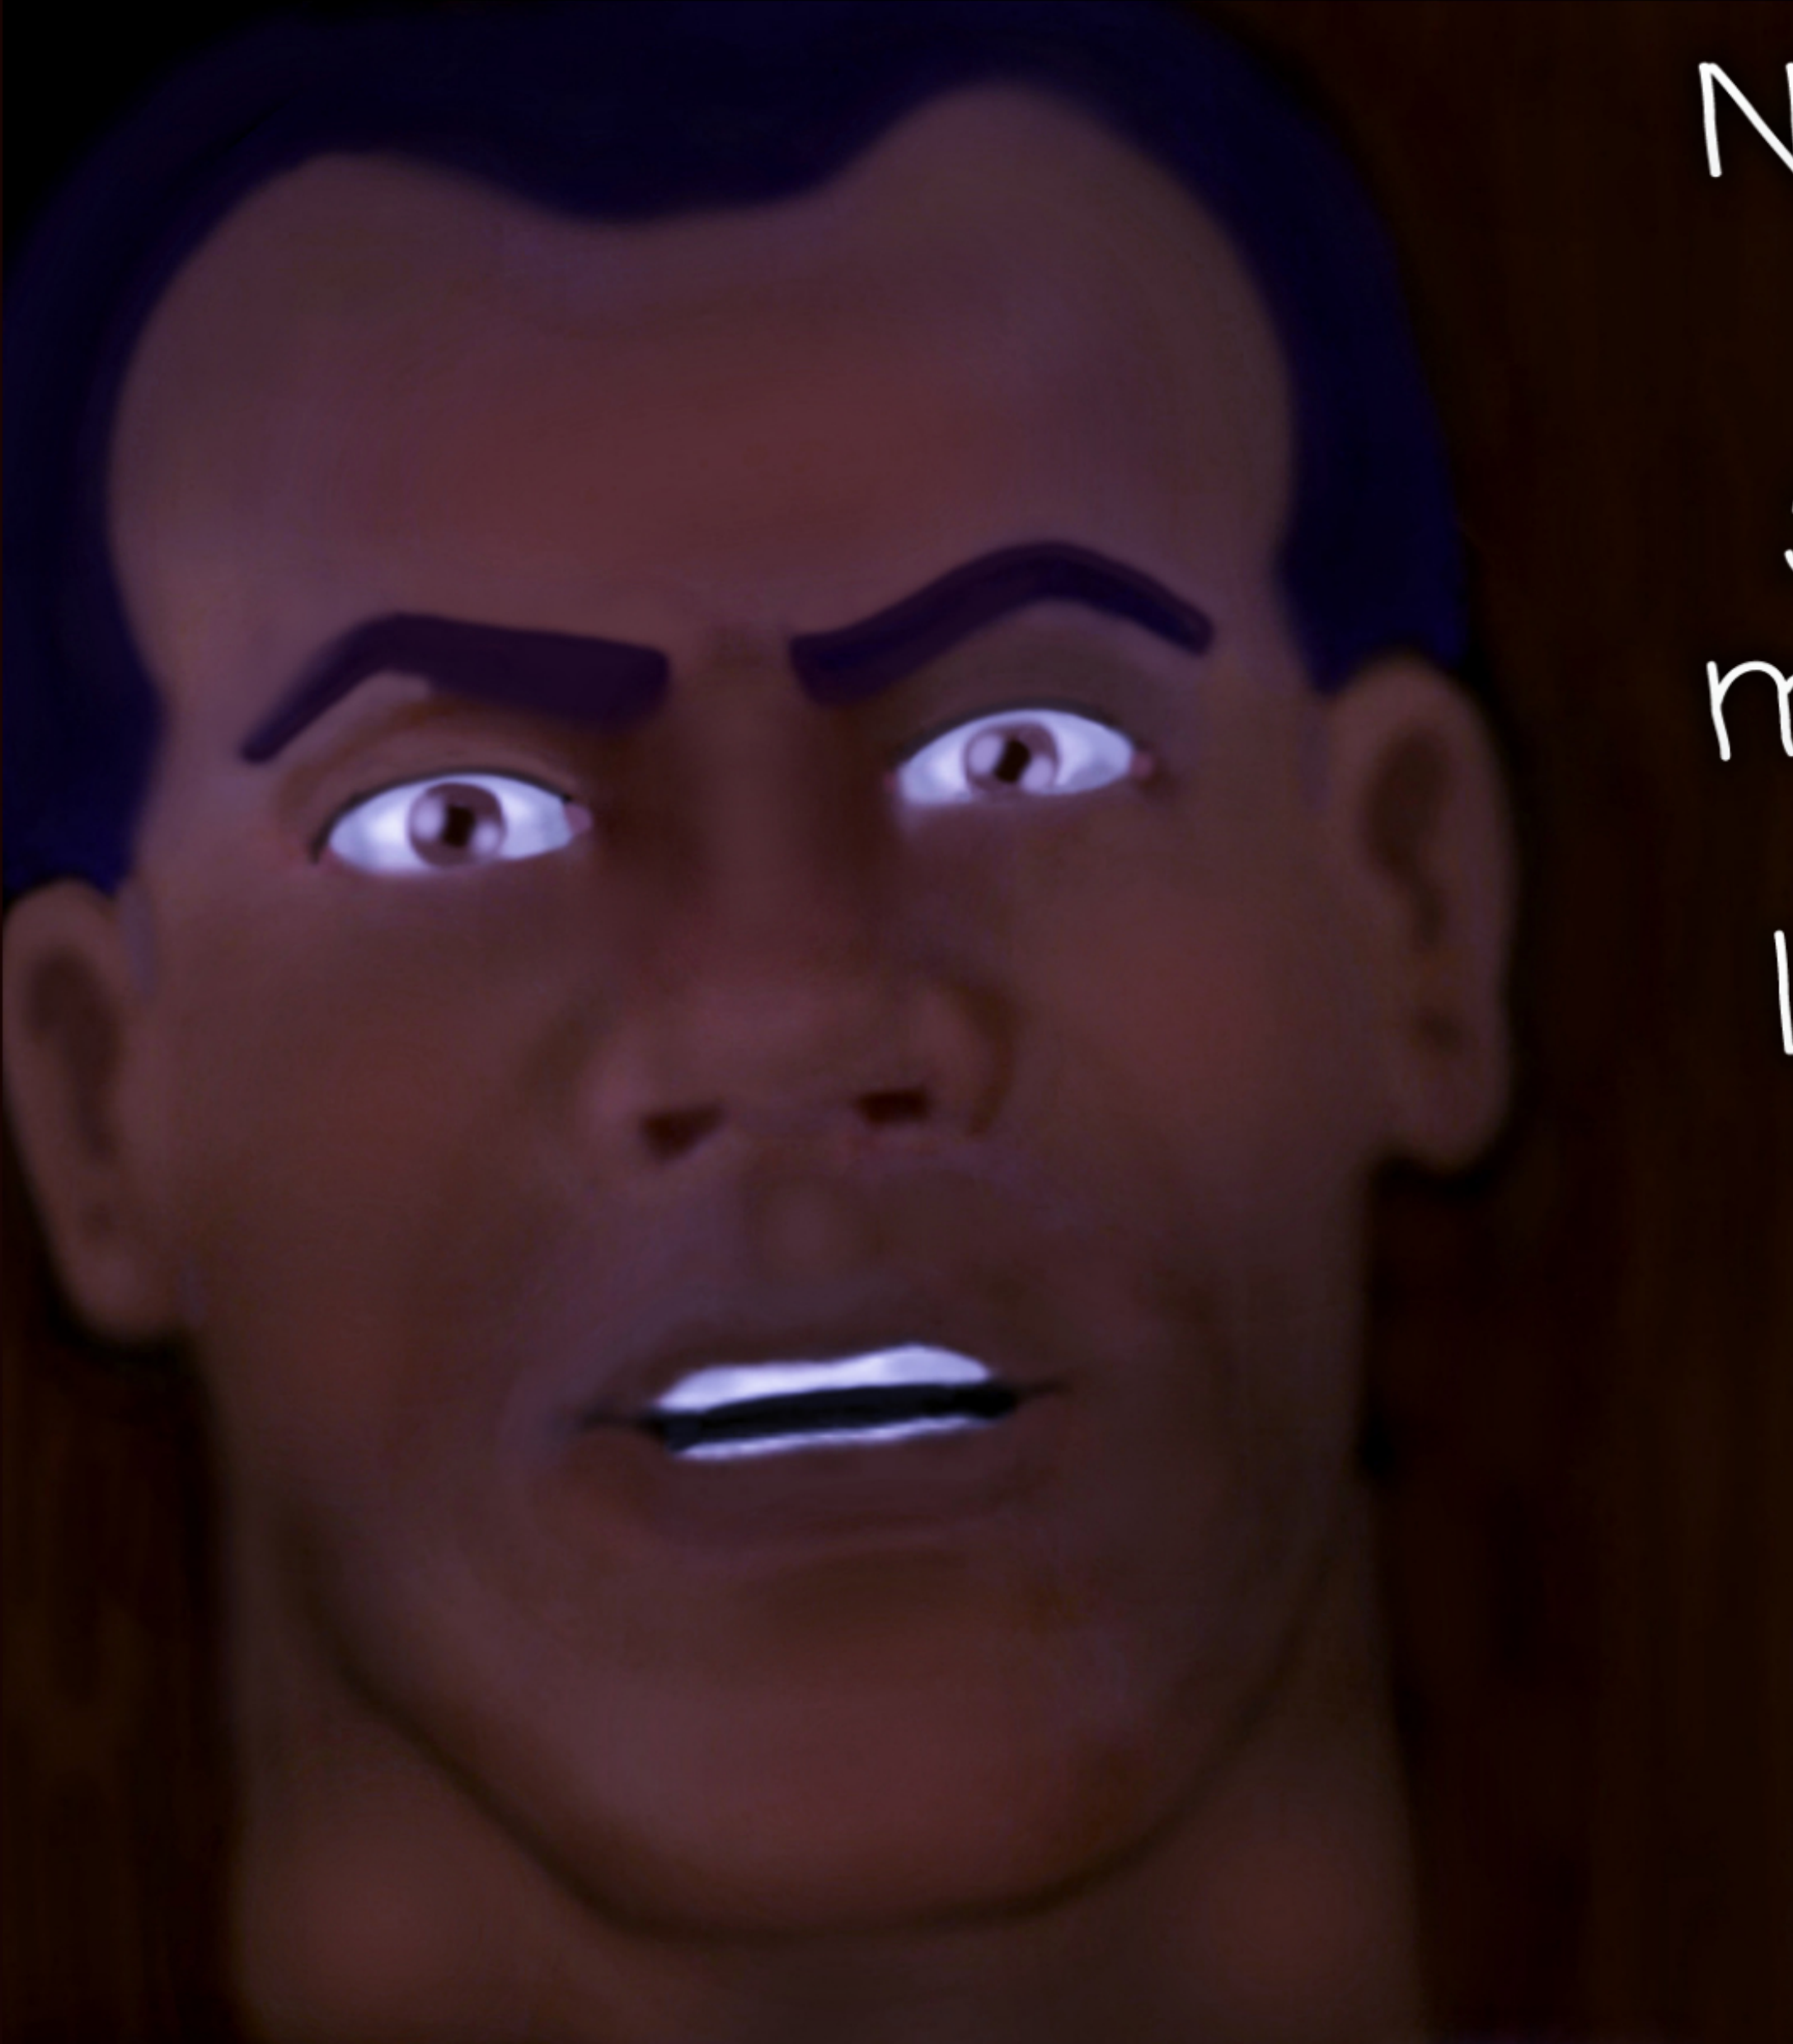

Major Alan
"Dutch" Schaefer!

You were lost!
For so many
years you were
lost. Presumed
dead.

Well now
I'm found.

No.

Clearly you're
still lost. Maybe
more than before.

Living out this...
this...

...this nightmare.

I woke up.

Why
don't you.

Woke up?

Woke up
and became
a monster
like them?

We thought we
had another Predator
in South America.

A chance to
finally bag one of
these suckers.

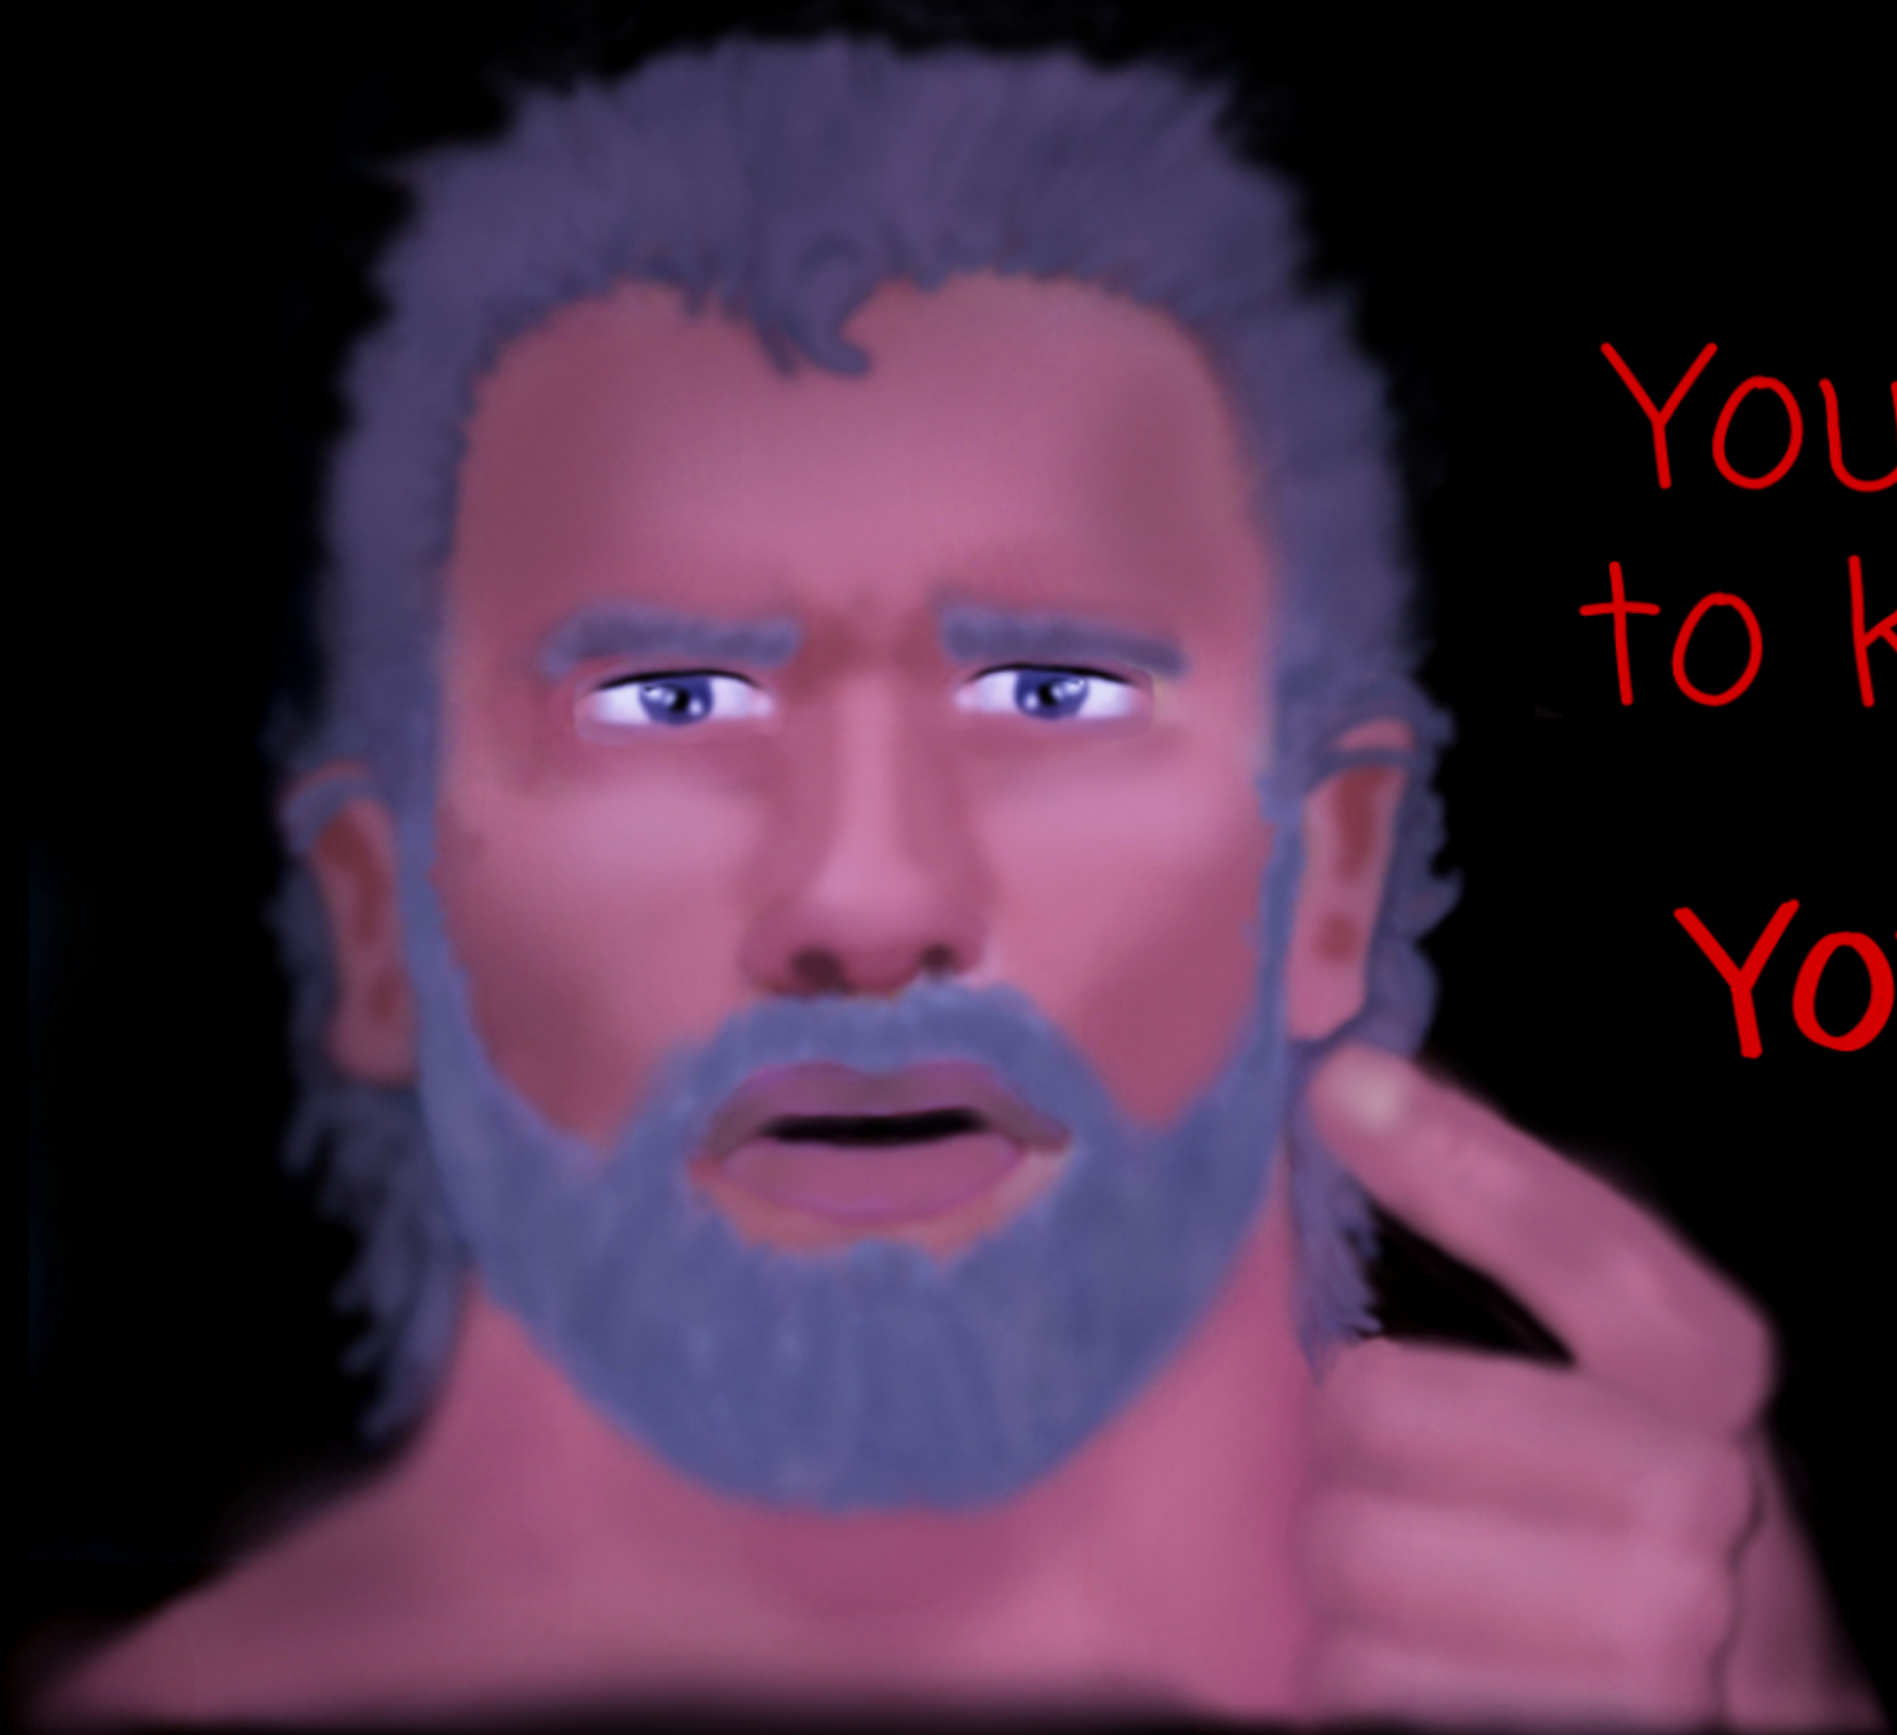

But instead, instead
we find this madness.

We find this murderer.

I'm the murderer?

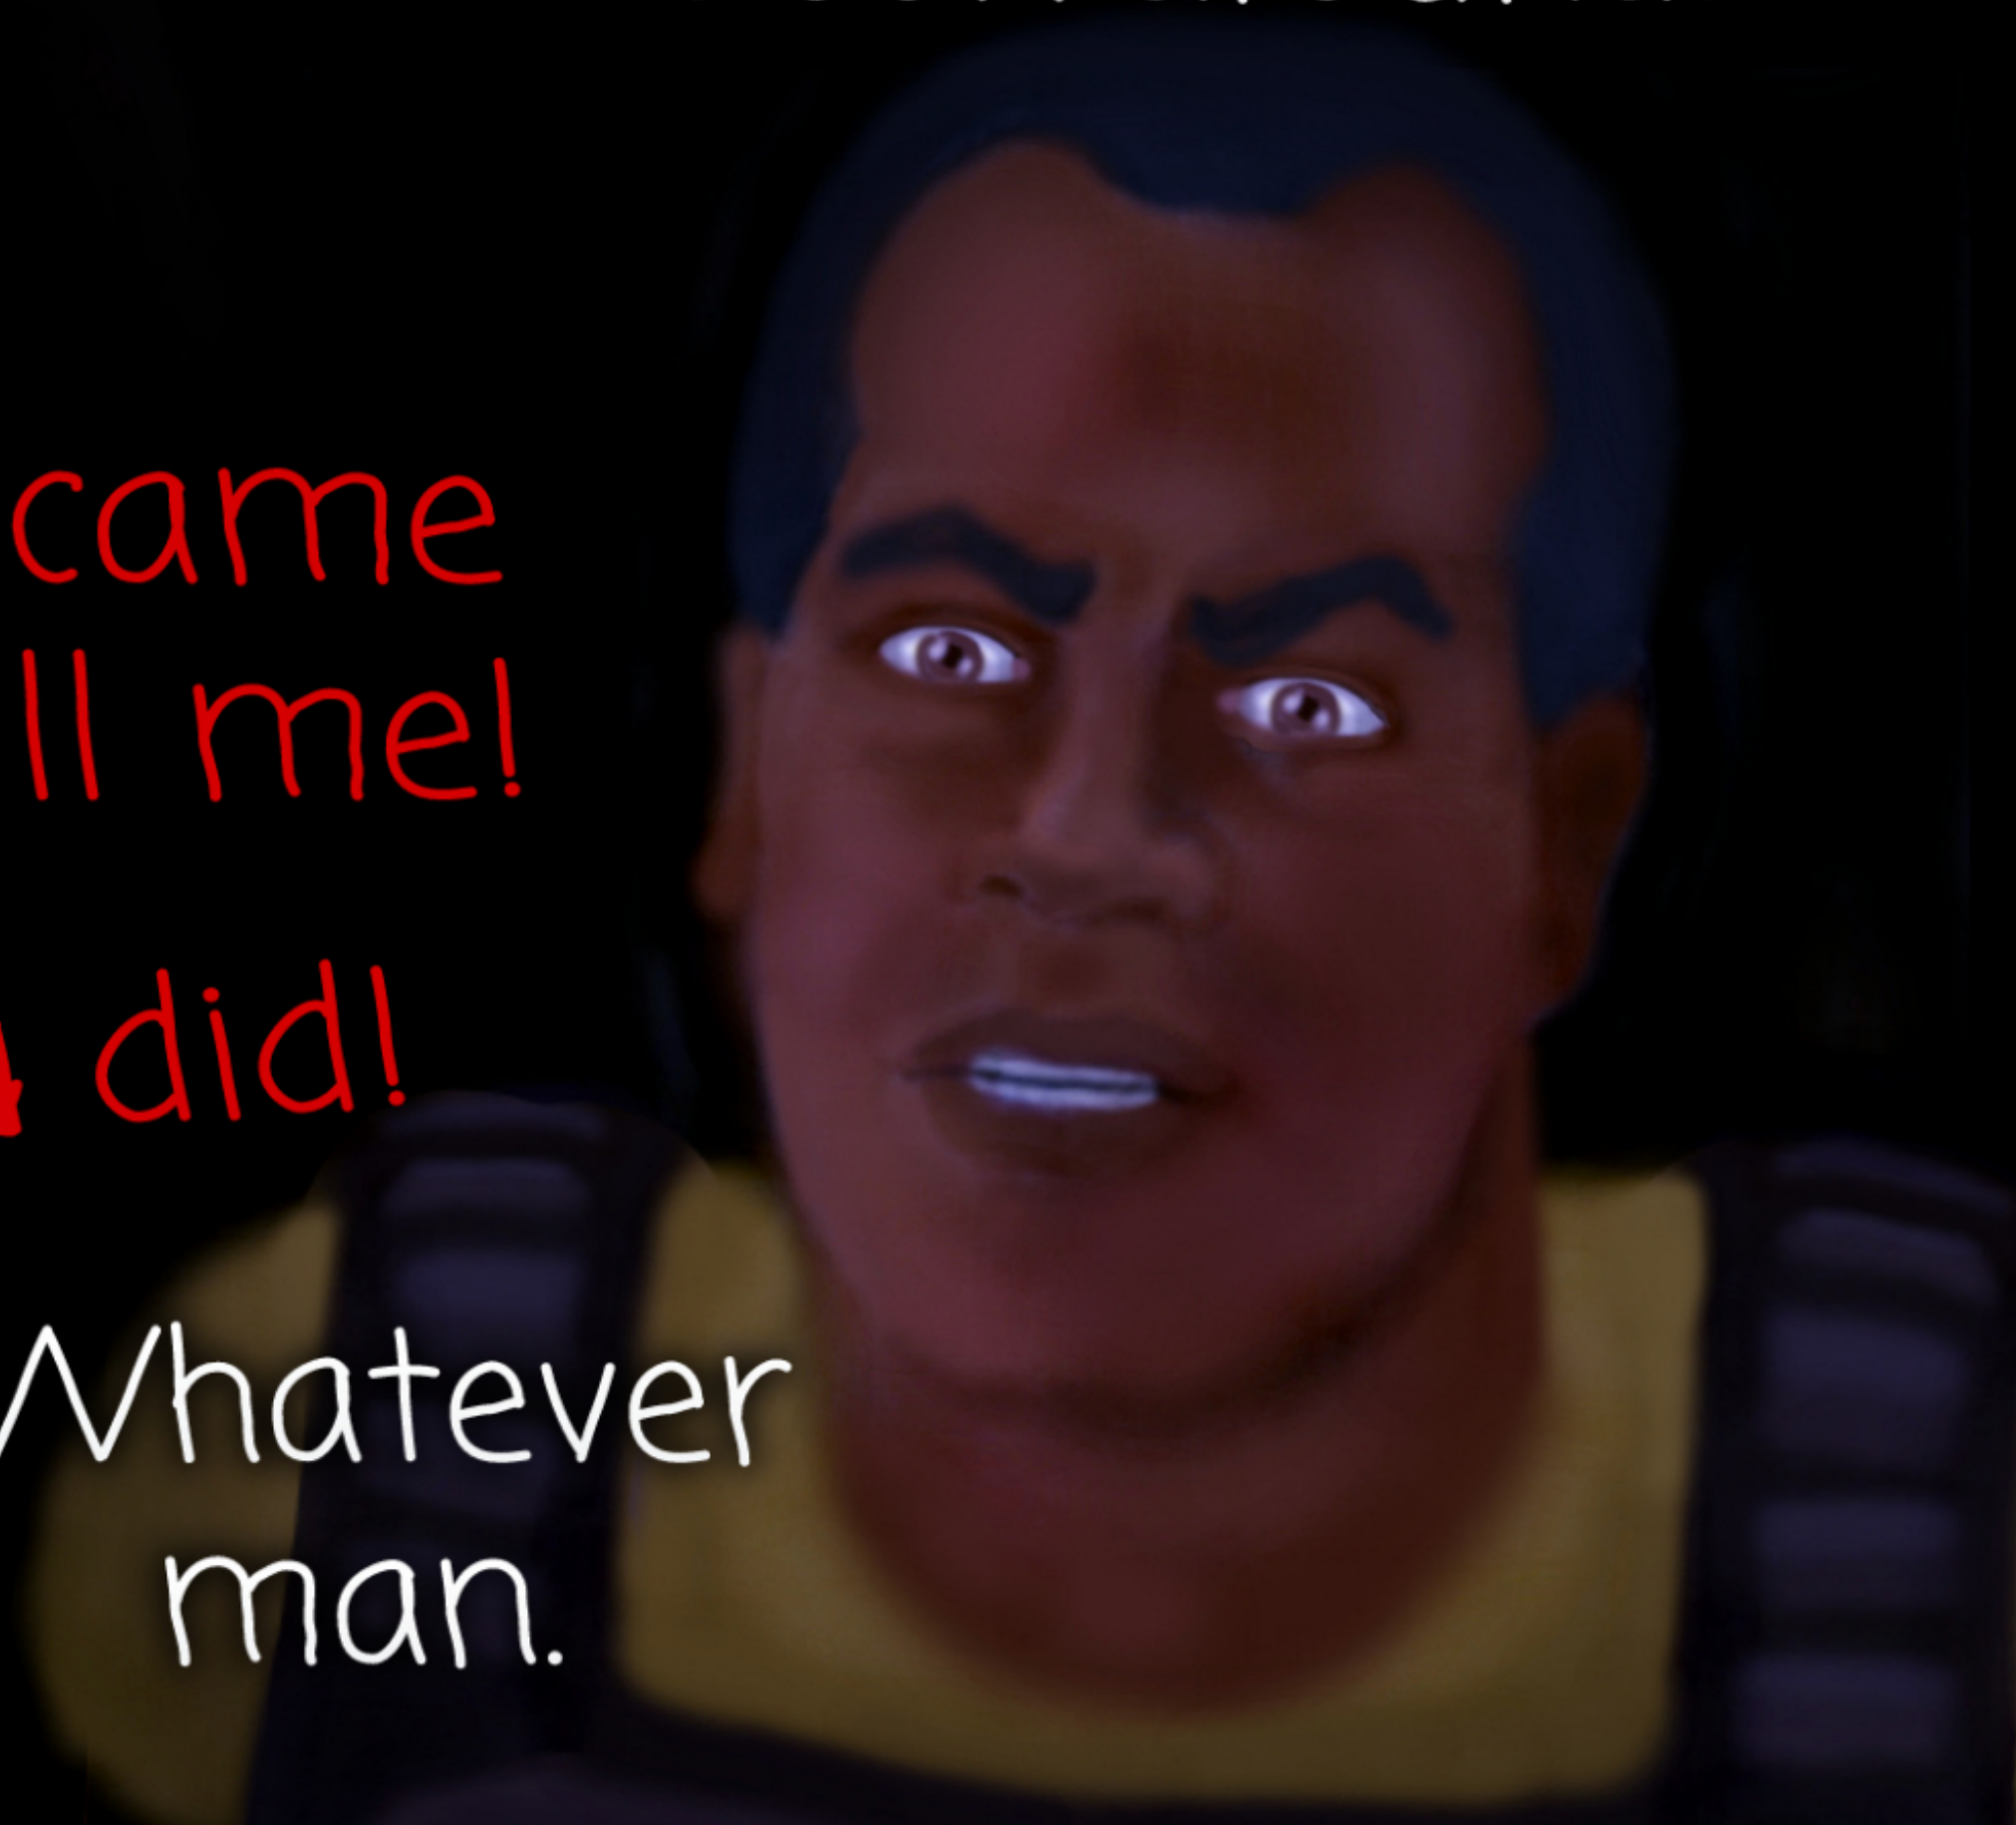

Look around!

You came
to kill me!

You did!

Whatever
man.

It's time you look in the mirror.
Do you know how many innocent
people your superiors would let die
just to get this bio-mask? This tech?
You.

Your friends.

Your family.

At least those aliens up there
won't kill each other for a damn
technology upgrade!

Who's the enemy here?
You think of that! Who's
the real monster?

I hunt guerrillas that have
preyed on innocent
villagers for decades,
while your government
looks to profit!

They are rapists.
They are murderers!
They BEHEAD children!
What I've seen! What I
continue to see! What
man has done to man!

What MAN has done
to MAN! So tell me...

TELL ME!

Who's the
real damn
Predators?

WHO?

WHO?!

So why keep
me alive?

As a
warning.

Warning? You're
just one man.

I am not alone.

What?!

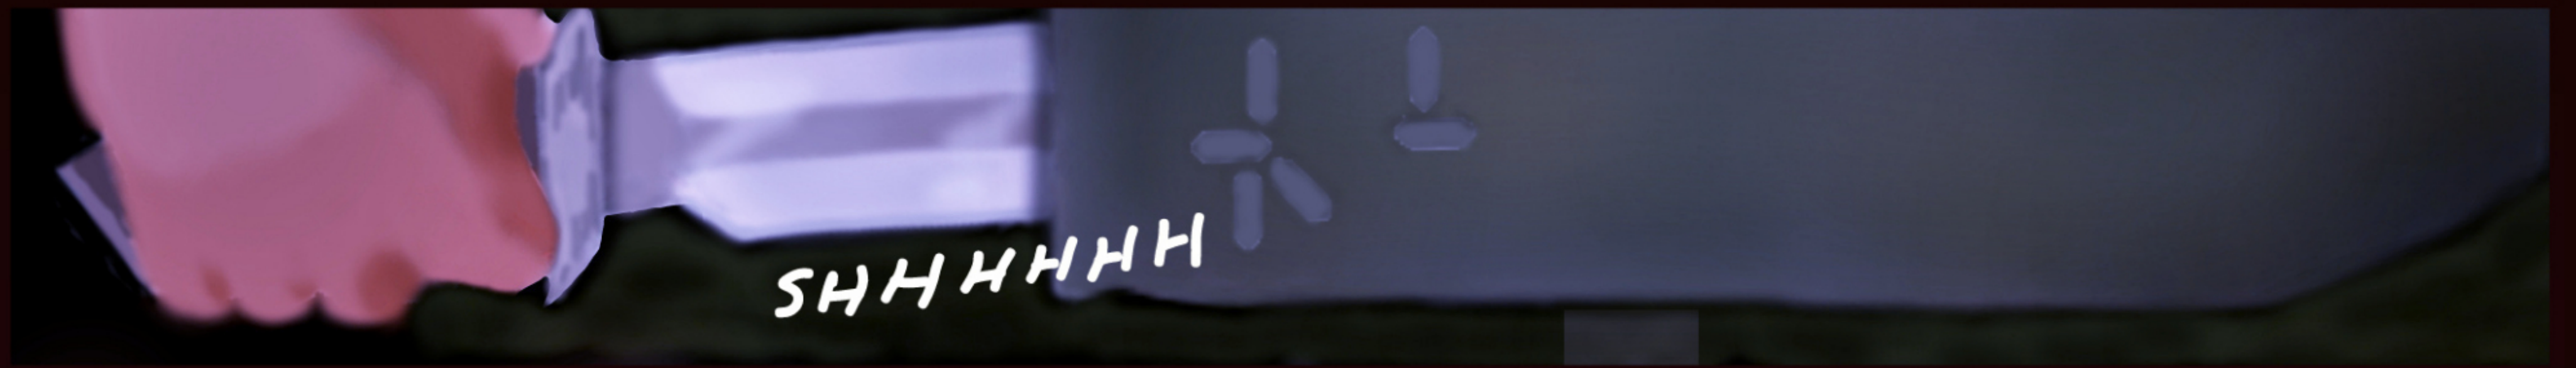

What do you mean
"not alone"?

I'm leaving you.

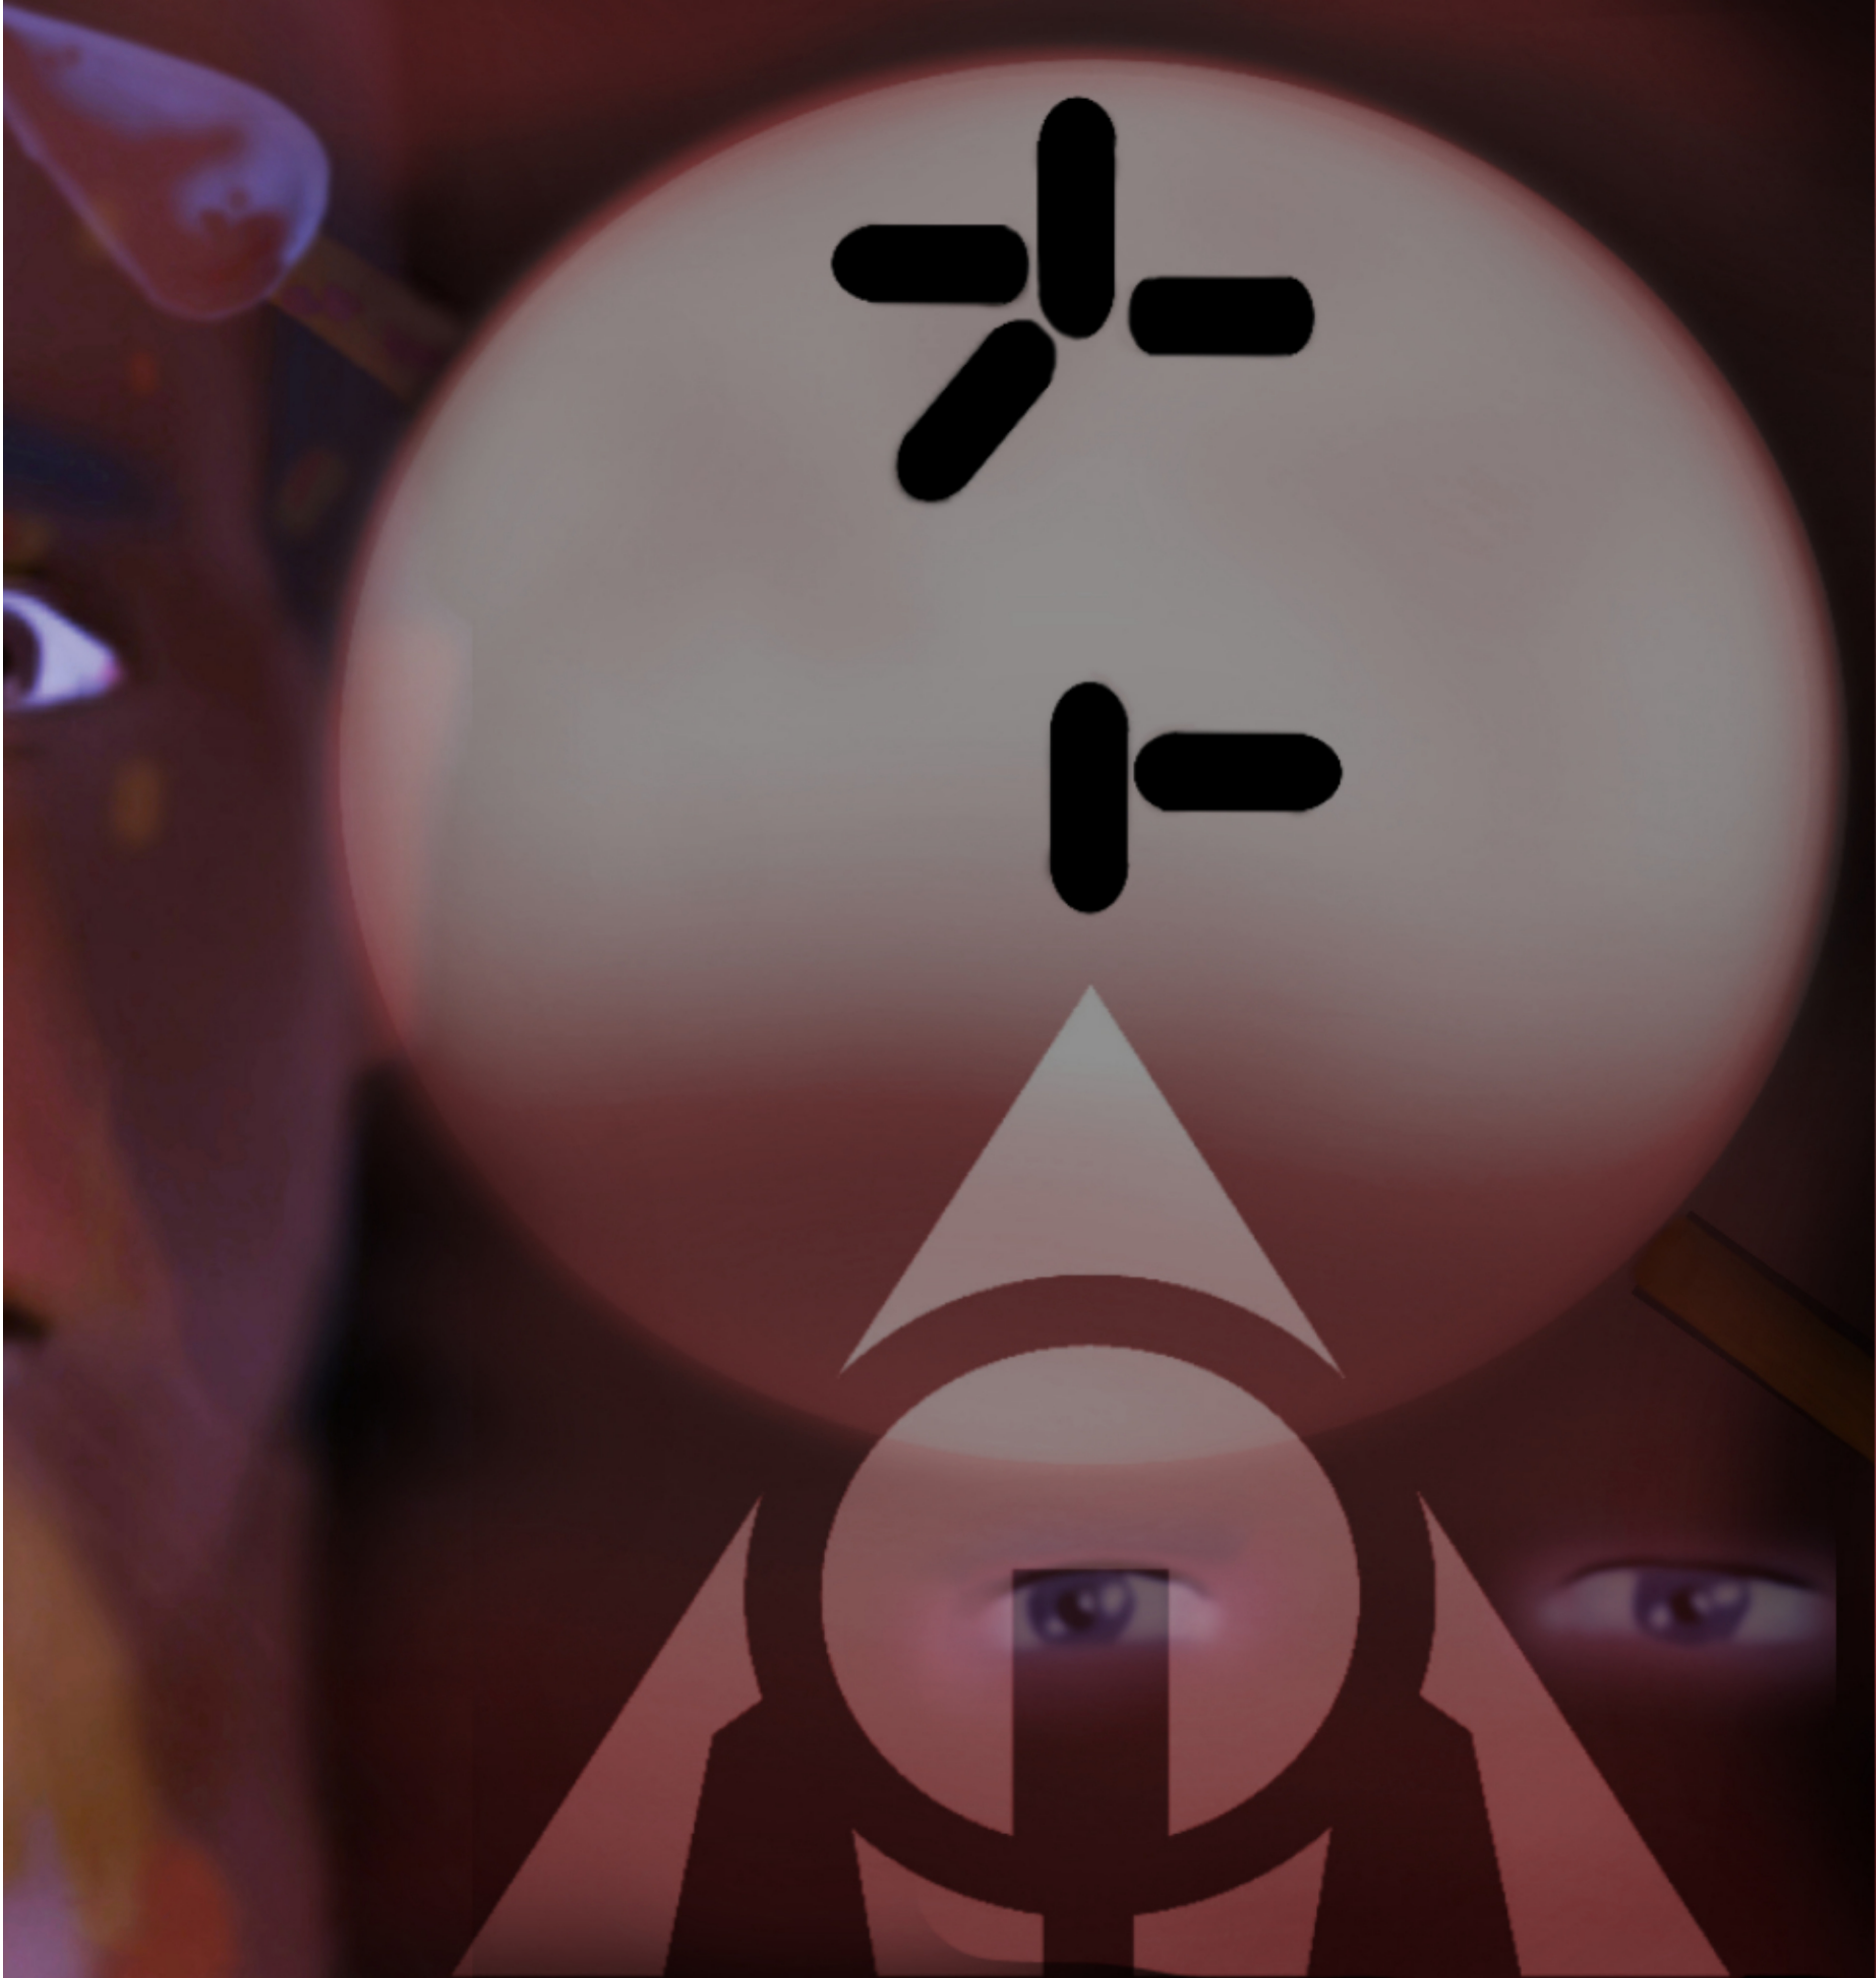

Where did you
get that gear,
that mask?

Enough.

I WANT ANSWERS DAMN IT!
